Returning to Day services

We continue to see a gradual increase in the number participants resuming Day services and it is lovely to see friends again. We expect more participants to return after term break. As we have outlined previously, we have protocols in place to ensure the safety and well-being of all clients and staff.

These protocols include:

- Stable groups of clients and staff in consistent separate designated rooms to minimise too many variables of contacts
- Staggered arrival times for Inala residents to avoid congestion
- Lunch in designated rooms or at designated tables outside when the weather allows to avoid any congestion of popular spaces and lunch room. Monitored social distancing to be continued with use of multiple areas (as previously).

- Good hygiene, enhanced hard surface cleaning, daily health monitoring and social distancing protocols are all in place
- Taking the temperature of Day service participants and staff at the beginning of each day. If someone is unwell with an elevated temperature we will request they do not attend programs that day and instead return home.

If you do decide you would like to return to your regular Day services could you please provide at least 2 days-notice so we can ensure we have available staff. We are committed to maintain support for everyone connected with the wider Inala community to the best of our ability, considering available resources and social distancing guidelines. **If you have any questions please do not hesitate to get in touch, via your service Manager in the first instance.**

In order to help us ensure the health and wellbeing of all members of the Inala Community, we will ask non-Inala Accommodation providers to provide an overview of the COVID-19 protocols and procedures in place at their home prior to the resumption of service for these participants. This is to ensure appropriate protocols are in place that are consistent with good practice and the protocols in place at Inala.

As restrictions ease, we continue to review and assess a range of community based activities and update our list of venues we can access.

Updates

We will continue to keep you updated about the progression of Phase 3 of Inala's Roadmap and any changes as we begin venturing back into the wider community. As always, we thank you again for your ongoing support and understanding.

If you have any questions or concerns, particularly in relation to resumption of attendance, please don't hesitate to contact your service Manager in the first instance.

We hope everyone stays well and continues to soak up the warm winter sunshine.

Kind Regards,

Martin Porteous
