Dear Inala families and carers,

We hope you are all staying well. As we start term three, it is wonderful to see many participants back this term and we are enjoying catching up with many friends.

As you will no doubt have heard on the news, there are some COVID-19 'hot spots' in Sydney and particularly in Victoria. It is very important that we all monitor available information, stay informed and be aware as we work together to keep these community transmitted Coronavirus cases contained. If you have been in a 'hot spot' area or venue, please follow Government recommended guidelines in relation to testing and isolating.

If you have any questions at all regarding our COVIDsafe protocols and plans, please do not hesitate to call or speak to your relevant Manager/service coordinator at any time.

Returning to Day services

It is wonderful to welcome more participants back to Day programs for the new term and as we have outlined previously, we have protocols in place to ensure the safety and well-being of all clients and staff.

These protocols include:

- Stable groups of clients and staff in consistent separate designated rooms to minimise too many variables of contacts
- Staggered arrival times for Inala residents to avoid congestion
- Lunch in designated rooms or at designated tables outside when the weather allows to avoid any congestion of popular spaces and lunch room. Monitored social distancing to be continued with use of multiple areas (as previously).
- Good hygiene, enhanced hard surface cleaning, daily health monitoring and social distancing protocols are all in place
- Taking the temperature of Day service participants and staff at the beginning of each day. If someone is unwell with an elevated temperature we will request they do not attend programs that day and instead return home.

If you do decide you would like to return to your regular Day services could you please provide at least 3 days-notice so we can ensure we have available staff. We are committed to maintain support for everyone connected with the wider Inala community to the best of our ability, considering available resources and social distancing guidelines. **If you have any questions please do not hesitate to get in touch, via your service Manager in the first instance.**

In order to help us ensure the health and wellbeing of all members of the Inala Community, we will ask non-Inala Accommodation providers to provide an overview of the COVID-19 protocols and procedures in place at their home prior to the resumption of service for these participants. This is to ensure appropriate protocols are in place that are consistent with good practice and the protocols in place at Inala. **We will request that they provide this information prior to resuming**

attendance. Thank you in advance for your co-operation and understanding for the need to provide this information.

As restrictions ease, we continue to review and assess a range of community based activities and update our list of venues we can access.

Overview of the 'Inala roadmap'
