Dear Inala residential families and carers,

We hope you are all healthy and well and enjoying the sunny weather this week.

Thank you

Thank you again for your ongoing support and understanding during this challenging time. We are very grateful, as we know you are also, for the dedication and care all Inala staff are taking to ensure all members of the Inala community remain healthy and well. Particularly in relation to the support they provide in assisting each person to better understand why these changes are in place and how they will help keep us all healthy and well.

We have received some heartwarming and positive feedback from clients following discussion from staff about the new protocols in place. *John said he does not want to get sick and is glad he can still go on picnics. Geoffrey and Michelle are happy to stay at home and James doesn't mind 'no work'. Damien and William are always encouraging others to 'do the right thing' and remember social distancing when at Day programs. Cathy says, 'things are different because staff wear masks to keep us safe. I like what I'm doing at the moment – I like to go in the garden and for a walk'.*

NSW Health information

We received updates from NSW Health on Friday 21st August and Wednesday 26th August. These letters reiterated advice and guidelines previously outlined by NSW Health (which Inala is following) as well as **removing Camden, Waverley and Newcastle** from the list of identified LGAs.

NSW Health indicated they will review the list of identified areas at the end of August. As our Accommodation and Day services fall within the still identified LGAs, we will need to remain in our current mode of re-designed service delivery and also restricted visits until then. At the beginning of September we will have a clearer idea of the month ahead as we move towards term break. In addition, NSW Health have indicated the restrictions of visitors to facilities in the listed areas will be reviewed mid-September.

As we have indicated, we will continue to monitor and review the situation based on communication from NSW Health and will keep you up to date with any changes.

Protocols

We continue to diligently follow the many COVID-19 related protocols we have in place, including all staff wearing masks when at work. We also continue to review our list of activities and venues and have once again agreed to maintain the current status for the next week. Many clients are enjoying picnics in the park and exercise in

their local area – we are grateful for this beautiful weather which helps make these activities very enjoyable.

Please continue to be diligent in all aspects of your life

Please continue to be vigilant and practice social distancing, good hygiene and limit your community interactions in identified LGAs and suburbs.

Also follow Government guidelines on wearing masks in areas where you cannot socially distance, particularly in indoor areas and on public transport.

As always, if you have any questions or concerns please contact us. We wish to reassure everyone that our positive pro-active planning is in place to ensure the wellbeing and peace of mind for all our Inala community.

Thank you for your continued support and understanding during this challenging time.

We hope you have a good weekend as we enjoy some warmer weather.

Kind regards,

Martin Porteous
Joint Chief Executive Officer

Rebecca van Bilsen
Joint Chief Executive Officer
