Dear Inala families and carers,

We hope you are well.

We are all looking forward to returning to some semblance of normal operations when the new term resumes next week. Inala residents will be returning to Day services and their supported employment and everyone is excited to once again be together with friends and resume centre and some community based activities.

We look forward to welcoming you back to your programs when you are ready to return. Please don't hesitate to contact your direct Manager if you would like to check on anything or to discuss any questions or concerns you may have.

Protocols to ensure a safe and measured easing of restrictions

We continue to remain vigilant with temperature checks on arrival at day programs, maintaining social distancing and practicing good hygiene and enhanced cleaning.

With the re-deployment of Day services staff back to their usual service locations, we will be able to increase the range of both centre based activities and the amount of community based activities, naturally with a focus on outdoor locations.

To ensure a safe and measured transition, clients will remain together in stable groups for programs to limit contact points and ensure we can track interactions. We continue to review the venues and activity list and will let you know when we can introduce additional activities.

We highlighted last week changes to the restrictions for services and a change in the list of identified LGAs. Staff who reside in or who have visited in the past 14 days one of the LGAs listed below are required to wear a surgical mask when providing direct client support and at other times if they are unable to maintain a social distance.

Please continue to be diligent in all aspects of your life

We continue to monitor information from NSW Health and will communicate any changes and the implications for Inala services, clients and families. At this stage we are grateful to have everyone back at Day programs and continue to follow a carefully managed approach to ensure all members of the Inala community remain healthy and well.

Please continue to be vigilant and follow Government guidelines on wearing masks in areas where you cannot socially distance, particularly in indoor areas and on public transport.

Thank you again for your patience and understanding and as always, if you have any questions or concerns please contact us.

Kind regards,

Martin Porteous
Joint Chief Executive Officer

Rebecca van Bilsen
Joint Chief Executive Office

Advice and guidance from NSW Health for people who live in or have visited the following LGAs or suburbs in the last 14 days:

LGAs	Suburbs
<ul style="list-style-type: none">• Bankstown (suburbs and localities of former Bankstown LGA – Revesby, Bankstown and Bass Hill wards)• Blue Mountains• Cumberland• Fairfield• Hunters Hill• Liverpool• Parramatta
