23<sup>rd</sup> October 2020

Dear Inala families and carers,

We hope you are well and enjoying this warmer weather. It is very encouraging to see the NSW Government easing restrictions on the number of people who can gather together, particularly for outdoor activities. Also it is wonderful to see the continued low levels of community transmission of COVID-19.

We continue to welcome back clients and look forward to seeing you back to enjoy your programs when you are ready to return. Please don't hesitate to contact your direct Manager if you would like to check on anything or to discuss any questions or concerns you may have.

**Measured transition to 'normal' programs**

From next Monday 26<sup>th</sup> October, we will transition back to the normal two sessions for Day programs with each person resuming their chosen activities. This means groups which have been stable for some time will have the opportunity to separate and participate in different activities of their choice.

This change is part of our carefully considered and measured transition. We will still maintain a record of interactions based on the program and schedule in each Centre. We will of course also maintain all the protocols currently in place, including social distancing, temperature checks on arrival, enhanced cleaning and good hygiene and visitor questionnaires and registration.

**Please continue to be diligent in all aspects of your life**

We continue to monitor information from NSW Health and will communicate any changes and the implications for Inala services, clients and families. We are grateful to move closer to normal services and continue to follow a carefully managed approach to ensure all members of the Inala community remain healthy and well.

Please continue to be vigilant and follow Government guidelines on wearing masks in areas where you cannot socially distance, particularly in indoor areas and on public transport.

We thank you again for your patience and understanding and as always, if you have any questions or concerns please contact us.

Kind regards,
